

*"I have always learned Math and Science the practical way. This instills in my methodology for teaching. Teach by real life examples and scenarios. Therefore, my pedagogical strategies include an amalgam of facts, hands on experience, storytelling to lay a strong foundation of conceptual understanding and all round growth."*

## **AKSHAY SHARMA**

### **Math & Science Teacher**

Teaching since 2015

#### **Certificates**

Bachelor of Science in Electronics and Communication Engineer, Rajasthan Technical University;  
Certified 8051 Microprocessor Engineer.

#### **Qualified to teach**

Science;  
IT;  
Math up to M8000.

#### **Success Cases**

Keminda has increased in grades in science, physics chemistry, and biology. He was weak with basic concepts and was afraid of chemistry, compounds and formulas. Currently, he has A\* in all streams of Science, and is deciding to opt for chemistry IB HL.

Pun is a young child prodigy. He studied Math in group and VIP for Science. He also learned some basic programming, participated for Young Makers Challenge and won it. He got selected for SIG in Boston university during summer 2016.
