

"My way of teaching English is positive and encouraging. I love making all of lessons with an enjoyable, inspiring and challenging environment. In my classroom, I strive for an atmosphere where students use English confidently and actively without the fear of making mistakes. Furthermore, English is my second language and my personal learning experience helps me to anticipate most of the problem areas, so I can support my students effectively."

Success Case

Thao has taught My Ky, her first student at E2, for over 8 months so far. During her first lesson with Thao, she was very shy and didn't know how to express her ideas clearly. However, she can communicate with everyone fluently and confidently now. Thao is extremely pleased and proud of her and she keeps helping My Ky to improve further.
